Global Reach, Worldwide Service

With robust access to diverse markets across the globe, we have the capability to execute projects in various regions. We combine quality and reliability to deliver excellence in international markets. As a trusted partner, we provide solutions to global retail chains in numerous countries worldwide.

Strong Partnerships in Local and Global Markets

With extensive experience and expertise, we have successfully completed countless projects across all provinces of Turkey and in over 30 countries worldwide. Together with our expert SOVATEAM, we are redefining retail and shaping the future of the industry.
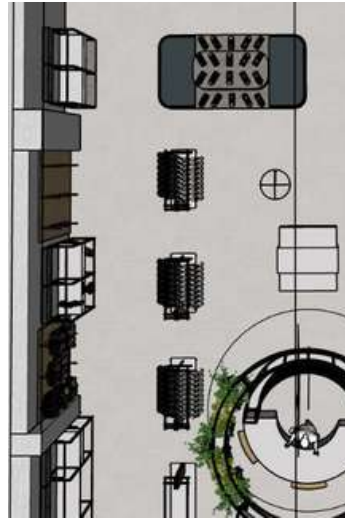

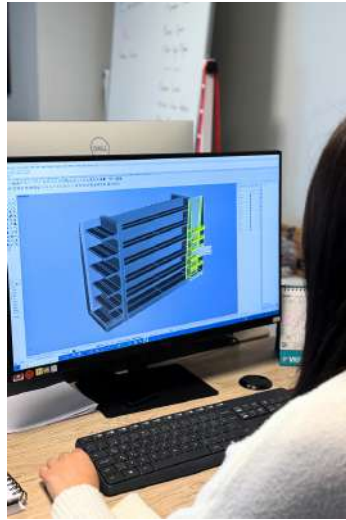

FROM PRODUCT TO SPACE

"Would you like to work with a design team that truly understands you?"

We meticulously plan and execute every step—from designing products that add value to your stores to creating the perfect spaces to showcase them.

This process, where functionality meets aesthetics, is enriched with creative solutions that highlight your products.
At every stage, we offer a unique and holistic approach tailored to the specific needs of your brand.
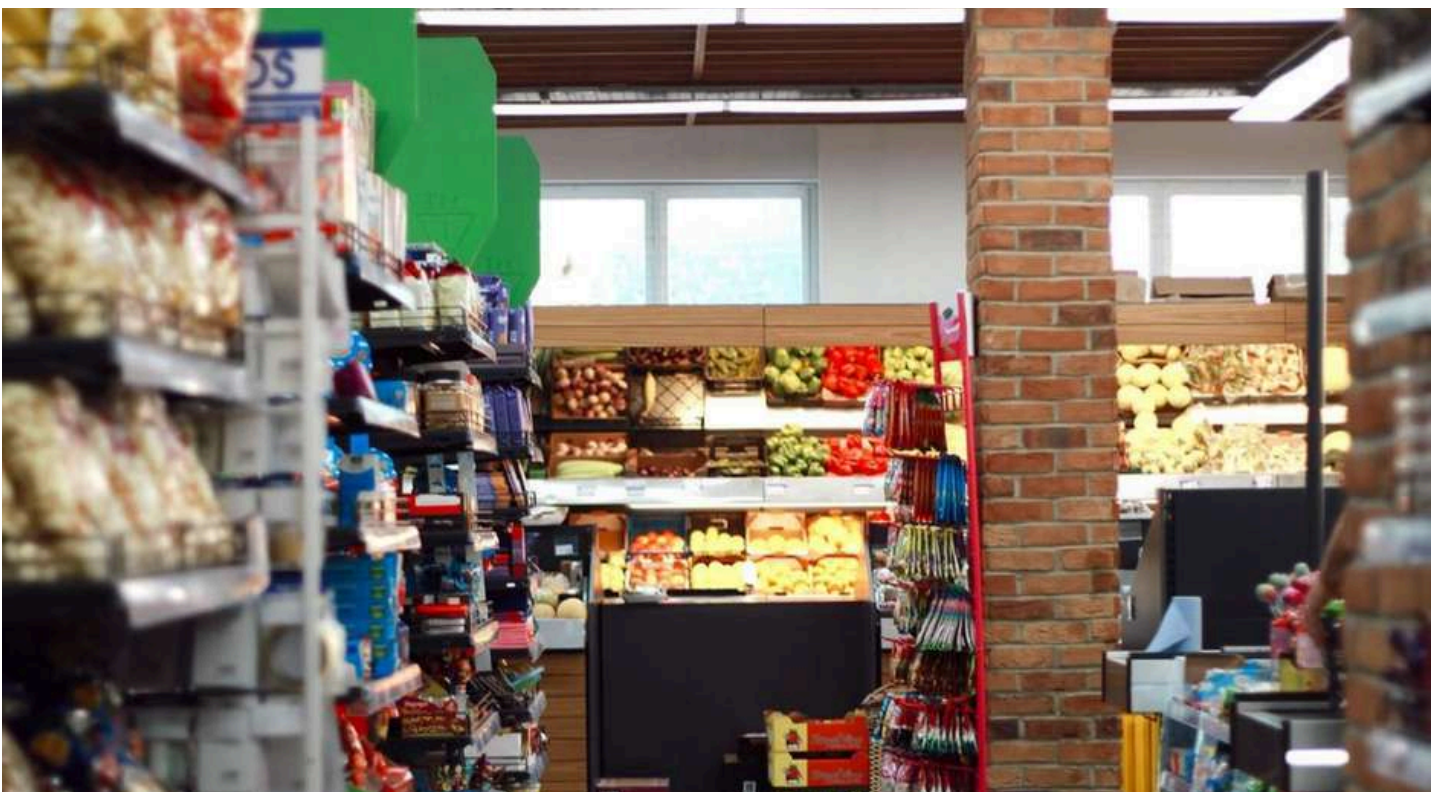

DISCOVER OUR PRODUCT RANGE AND ADD VALUE TO YOUR RETAIL BUSINESS

SHELVING SYSTEMS

S25 METAL SHELVING SYSTEM

Versatile and Functional Display Solution

S25 Metal Shelving System is the most flexible shelf system, thanks to its 25 mm pitch configuration. It leaves minimal visual traces with its thin shelf front section, thus increasing the visibility of the products on display. It has a more slim overall look with its low-positioned base feet.

S25 Metal Shelving System is used with Bakery, Beverage and Dynamic! Display systems which are part of the Sova Product Ecosystem. All parts and accessories used in these systems are compatible with the S25 Metal Shelving System.

F60 MINIRACK SYSTEM

Durable and Efficient Storage Solution

F60 Minirack System is preferred for light-to-medium load weights, offering an optimum load capacity with its 60 mm upright dimension.

With different profile types and sections, the horizontal beams of the F60 System can bear loads up to 550 kg per level.

F60 Rack System can be used fully compatible with S35 Rack system to offer in-line combined installations.

F60 MINIRACK SYSTEM

UNIT ENTEGRATED SYSTEM

** It is fully compatible with the S35 Metal Shelving System. Shelving unit is fully integrated as a single upright system.

** In case of S25 or S50 shelving system, a three upright full shelving unit is required and used as an "inserted" shelving unit.

THREE LEG SYSTEM

** It is a lightweight storage rack system designed to create deeper shelving spaces. Its durable structure and modular design allow efficient use of warehouse space. It provides a flexible and organized storage solution by adapting to different product groups.
